

VenaCure EVLT® System Physician Education and Training

As the first to use diode lasers in vein management, AngioDynamics knows technology and clinical efficacy, and understands the training and support it takes to ensure success. Our Customer Care Program provides in-depth, customized training in all aspects of running a vein practice, from technical issues to marketing techniques.

Customized VenaCure EVLT training includes:

Physician Education

- On-site training by experienced physician at one of our centers of excellence
- Observation and insight into VenaCure EVLT system and perioperative care
- Certification of successful VenaCure EVLT training
- CME/CEU courses available online through www.VenaCure-EVLT.com/CME

Physician Reference Materials

- Extensive clinical and laser reference materials
- Fundamentals of phlebology, tumescent anesthesia, sclerotherapy and more
- Online interactive procedure and adjunctive therapies training
- Patient forms and ordering information

Laser Installation/In-Service

- On-site visit by AngioDynamics Clinical Specialist
- First-day case support and training
- Online interactive laser simulator

PEER to PEER
Clinical Education Series

ANGIODYNAMICS®

Interactive Physician Education Course

AngioDynamics' two-day Physician Education Course, which includes interactive and didactic learning, and viewing live cases, educates physicians about the disease state, VenaCure EVLT procedure and adjunctive procedures. Regional courses give physicians access to experts in the field while allowing them to be out of their practice for a minimal amount of time.

Learning Objectives

Upon completion of the Physician Education Course, attendees should be familiar with:

Course Topics:

- The patho-physiology of superficial venous disease
- Anatomy and physiology of superficial venous disease
- Indications and diagnosis of superficial venous disease
- Treatment options for superficial venous disease
- Billing and reimbursement for the treatment of superficial venous disease
- AngioDynamics' MVP* marketing support program for *Maximizing VenaCure EVLT Potential™

Treatment Techniques:

- Endovenous laser ablation including room setup and laser safety
- Modified tumescent anesthesia
- Phlebectomy
- Sclerotherapy
- Diagnostic superficial venous ultrasound
- Ultrasound guided anesthesia

Centers of Excellence
